

EAST COAST TRAVEL PACKAGE

Sapokan Vesipuisto

Day trip to parks of Kotka - themes: urban landscape change, greenery in parks or historical events?

The country's most award-winning parks are located in Kotka, which Kotka is nowadays known for. Kotka has a strong history as an industrial city, but nowadays, park construction plays an important role in the city's identity.

Kotka National Urban Park covers a dozen parks, some of which are located in Kotkansaari and some further away along the Kymijoki River. A variety of special parks have been built in Kotka. The leading idea has been that all the parks are different from each other and each has its own theme.

The development has been driven by the garden advisor Heikki Laaksonen's vision and its determined implementation. On a guided tour you can experience the best of the amazing diversity and beauty of the Kotka parks.

The visit includes a coffee break and lunch in a beautiful park scenery. To the basic structure of the park tour can be added a guided, themed tour of the park according to the wishes of the group.

The package includes:

- ✓ Tour opening, coffee and introducing the programme for the day (Café Munkholma or Marina Cafe Laituri)
- ✓ Guided tours of the parks of your choice according to the chosen theme (1-3)
- ✓ Lunch at Restaurant Meriniemi, Bistro V or Vaaku in Varissaari

Selectable travel themes and meals and guide services according to the theme:
